Chetanya Prakash Lahoti

Summer Intern 2020

Project Description

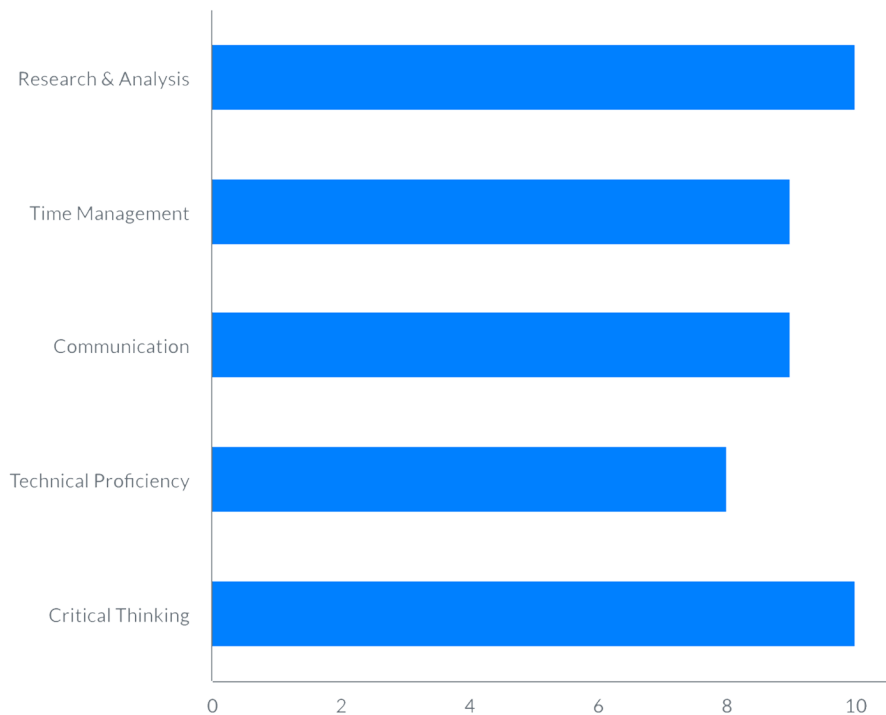

"Internet has made the flow of data and information between different networks simple. The advancement in cyber-crimes has urged administrators to take serious steps to protect the system from unauthorized access or virus attacks. There is lack of awareness and training. This project aims at using web pages and apps to implement the following objectives:

- E-complaint services (FIR).
- To create awareness among the public and provide cyber related news.
- Social media section for discussion forums.
- To provide a platform for resources and articles related to cyber security.
- To provide a platform for skilled people, organisations and the police for collaborations."

Duration

4 weeks online summer internship. [1st May 2020 to 31st May 2020]
